International conference
«Categorical and analytic invariants in Algebraic geometry 3»

12 September 2016

11:00–12:00	K. Saito, "The Coherence of direct images of relative De Rham complex"
12:20–13:20	A. I. Efimov, "Towards logarithmic Hochschild complex"
15:00–16:00	A. Ishii, "Dimer models with group actions"
16:20–17:20	Ch. Brav, "Deformations of the tangent bundle of the Hilbert scheme of points"

13 September 2016

11:00–12:00	A. Takahashi, "On entropy of autoequivalences of smooth projective varieties"
12:20–13:20	G. Ouchi, "Automorphisms of positive entropy on some hyper-Kahler manifolds via derived automorphisms of K3 surfaces"

14 September 2016

11:00–12:00	A. S. Losev, "Towards tropical mirror symmetry"
12:20–13:20	A. Corti, "Mirror symmetry for Fano orbifolds and Laurent inversion"
15:00–16:00	A. Ikeda, "Frobenius structures on Hurwitz spaces and confluent KZ equations"
16:20–17:20	T. Logvinenko, "Generalised braid category"
17:40–18:40	A. V. Fonarev, "Derived categories and homogeneous varieties"

«Categorical and analytic invariants in Algebraic geometry 3»

15 September 2016

11:00–12:00	A. Elagin, "On Serre dimension of finite dimensional algebras"
12:20–13:20	K. Ueda, "The affine line is a zero divisor in the Grothendieck group"
15:00–16:00	A. Bodzenta-Skibinska, "Poset filtrations of triangulated categories in algebra and geometry"
16:20–17:20	H. Uehara, "A trichotomy for the autoequivalence groups of derived categories on surfaces"

16 September 2016

11:00–12:00	A. G. Kuznetsov, "On double covers of quadratic and Lagrangian degeneracy loci"
12:20–13:20	Sh. Okawa, "Noncommutative Hirzebruch surfaces"
15:00–16:00	I. V. Karzhemanov, "Explicit Dolgachev surfaces, exceptional collections, and phantoms"
17:00–20:00	A. Szczepanski, "Hantzsche-Wendt manifolds (joint talk on the conference and the Seminar of the Laboratory of Algebraic Geometry at HSE)"
