Biography

He began his career as a senior laboratory assistant, after studying at KSU (the Herzen state pedagogical University; Khujand state University. AK. B. Gafurova), where he studied from 1985 to 1992, where he graduated "with honors". From 1993 to 1996, he studied at the Institute of Physics and technology of the Russian Academy of Sciences. A. F. Ioffe Russian Academy of Sciences. Then she completed her PhD thesis in 1997 and began her professional scientific activity in 1997 at the Russian Academy of Sciences Institute of Physics and technology. A. F. Ioffe Russian Academy of Sciences. Main place of work:

Works as a senior researcher at the Federal state budgetary institution of the Institute of Physics and technology. A. F. Ioffe of the Russian Academy of Sciences (Ioffe Institute).

<http://www.ioffe.ru/index.php#>

Teaching discipline:

Works as an associate Professor, Department of production safety national mineral resource University "Gorny" — one of the leading and largest universities in St. Petersburg, the first mining and technical educational institution in Russia.
